Hi,

I'm from Washington state and we process extracts, shatter, mmj vape juice, etc. in VERY high quality, and we're looking for a few discreet partners that are interested in moving some of the product?

If your interested, shoot me back a message. I'll attach a few pics of some shatter we've run recently and some vape pens.

Everything is closed loop extracted and fully vacuum oven purged.

1/2 pounds of shatter are \$3100-\$3300

1ML Prefilled Marijuana vape juice cartridges are \$20 each, Prefilled with the oil. minimum of 25 cartridge orders.

I can send you some samples if interested. Let me know. We're looking for long term partnerships and we can ship discretely.
